

Task Force Marne Hero of the North

Rank/Name: SGT DANIEL TEMPLETON

Unit: B TROOP, 3-7 CAVALRY

Hometown: LINTON, IN

Date: 8 JAN 2010

SGT Templeton is a Bradley Cavalry Fighting Vehicle gunner whose scout abilities were tested on January 7, 2010 during Operation Rogue Sentinel. While on an observation post observing a main supply route for several hours, SGT Templeton spotted four individuals moving through his assigned sector on foot. His accurate spot report prompted the platoon leader to maneuver and destroy the dismounted IED cell. SGT Templeton has exhibited flawless Cavalry skills throughout the deployment and is a key member on the troop's numerous project oversight patrols. SGT Templeton's professionalism and effective field craft are a credit to Bonecrusher Troop, 3-7 Cavalry, 2nd Heavy Brigade Combat Team and make him a natural choice for today's Task Force Marne Hero of the North.
